

Rob Crain

PERSONAL INJURY, WRONGFUL DEATH

Jesse Hombuckle

In nearly 13 years of representing clients in personal injury and wrongful death cases, Rob Crain has criss-crossed the country handling most every type of case in his field, from truck wrecks and pipeline explosions to medical errors and beyond. In addition to multi-million dollar results, Crain's cases caused companies to change their safety policies to prevent repeat injuries. "We are successful because we take our clients' cases personally. Often, this is their last hope to restore a positive quality of life."

Crain's passion to serve isn't limited to his clients. He co-founded Dallas Tomorrow, an annual symposium on Dallas projects and initiatives such as the Trinity River Project. He is co-founder of the Dallas Freedom Run, an event created in response to the 9/11 tragedies. Crain moderated a debate on the Strong Mayor Initiative and will moderate a forum with current Dallas mayoral candidates. Robert Witte,

litigation shareholder at Winstead PC, notes, "Rob is an outstanding advocate for his clients. He is also a visionary, leader, mentor, and catalyst for the mindset that Dallas can become and remain—a city like no other."

Crain joined forces with his good friend and noted criminal defense attorney, Chris Lewis. "Chris is one of the best criminal defense lawyers in the country. We enjoy helping people when life takes an unexpected turn."

Crain's acknowledgements include: *Best Lawyers in America* (2007); Best Lawyers in Dallas (*D Magazine*, 2003, 2005, 2007); Outstanding Young Lawyer of Texas (TYLA, 2004-2005). He is a Life Fellow of the Texas Bar Foundation, a Sustaining Life Fellow of the Dallas Bar Foundation, and serves on the board of directors of the Texas Trial Lawyers Association and the local Big Brothers/Big Sisters chapter.
