

# Andy Payne

PLAINTIFF'S PERSONAL INJURY

Pete Lacker

Payne Mitchell Law Group L.L.P. was founded upon several core principles: a deep belief in the firm's clients and its cases; an unparalleled tenacity in seeking truth from defendants who may wish to hide or avoid liability; excellence in advocacy; and an ethical and honest approach with clients, juries, courts, and opposing counsel.

Payne's practice is focused on aviation and product defect cases against some of the world's largest manufacturers. He also routinely handles significant personal injury cases arising from commercial vehicle collisions and other general personal injury matters. In his practice, Payne handles cases involving life-changing events—where millions of dollars and the client's

long-term security are at stake.

Payne is board certified in personal injury trial law by the Texas Board of Legal Specialization and as a Civil Trial Advocate by the National Board of Trial Advocacy. He is sought after for his products liability knowledge and, in fact, teaches products liability at the SMU Dedman School of Law. He has years of experience and a proven track record that includes satisfied referring attorneys and clients, as well as a string of impressive verdicts and settlements.
